Attempt : 1
Total Mark : 10
Marks Obtained : 10

Section 1 : Coding

1. Problem Statement

Monica is interested in finding a treasure but the key to opening is to get the sum of the main diagonal elements and secondary diagonal elements.

Write a program to help Monica find the diagonal sum of a square 2D array.

Note: The main diagonal of the array consists of the elements traversing from the top-left corner to the bottom-right corner. The secondary diagonal includes elements from the top-right corner to the bottom-left corner.

Input Format

The first line of input consists of an integer N, representing the number of rows and columns.

The following N lines consist of N space-separated integers, representing the 2D array elements.

Output Format

The first line of output prints "Sum of the main diagonal: " followed by an integer, representing the sum of the main diagonal.

The second line prints "Sum of the secondary diagonal: " followed by an integer, representing the sum of the secondary diagonal.

Refer to the sample output for formatting specifications.

Sample Test Case

Input: 3

1 2 3

4 5 6

7 8 9

Output: Sum of the main diagonal: 15

Sum of the secondary diagonal: 15

Answer

// You are using Java

```
import java.util.Scanner;
```

```
public class Main{
```

```
    public static void main(String[] args){
```

```
        Scanner sc=new Scanner(System.in);
```

```
        int N=sc.nextInt();
```

```
        int[][] matrix=new int[N][N];
```

```
        for(int i=0;i<N;i++){
```

```
            for(int j=0;j<N;j++){
```

```
                matrix[i][j]=sc.nextInt();
```

```
            }
```

```
        }
```

```
        int mainDiagonalSum=0;
```

```
        int secondaryDiagonalSum=0;
```

```
        for(int i=0;i<N;i++){
```

```
            mainDiagonalSum+=matrix[i][i];
```

```
            secondaryDiagonalSum+=matrix[i][N-i-1];
```

```
        }
```

```
System.out.println("Sum of the main diagonal: " + mainDiagonalSum);  
System.out.println("Sum of the secondary diagonal: " +  
secondaryDiagonalSum);  
}  
}
```

Status : Correct
